

# Introducing Glydea™: Somfy's solution for motorized draperies

## Glydea™ Range:

■ Choice of two AC motors with a built-in power supply for seamless installation:

- Glydea™ 35 : 77 lbs for a straight 36' center opening track
- Glydea™ 60<sup>e</sup>: 132 lbs for a straight 36' center opening track
- 5 year warranty and international certifications

## Glydea™ Range:

- Glydea™ offers standard control of:

Dry Contact

Infrared

- Glydea™ can also adapt to different control technologies using various plug in modules\*

Radio Technology Somfy®

Z-Wave® (coming soon)

RS485

ZigBee®(coming soon)

\*Modules are preinstalled, but can be ordered separately for retrofitting existing motors.

## Glydea™ Features & Benefits :

- Touch Motion (Glydea™ 60)
  - Activate motorized drapery simply by pulling on the fabric
- My Function (Glydea™ 60)
  - Automatically sets the curtain to a favorite position
- Adjustable end limits (Glydea™ 60)
- Adjustable Speed (Glydea™ 60)
  - From 8"/s to 5"/s

# Glydea™ Features & Benefits

- Quiet Operation (Glydea™ 35 & 60)
  - 44db
- Soft start / Soft stop function for smooth operation (Glydea™ 60)
- Automatic setting of limits (Glydea™ 35 & 60)
- Back Release function provides optimal stacking of drapery fabric

## Glydea™ Features & Benefits

- Manual Override function: ideal for power outages, and also prevents damage of the fabric (Glydea™ 35 & 60)
- Motors can be mounted on the Left or Right side of the track (Glydea™ 35 & 60)
- Standard or inverse mounting of the motor available (Glydea™ 35 & 60)

## Glydea™ Features & Benefits

- Patented Cover conceals wires and connectors (Glydea™ 35 & 60)
- Motors come with a 10' cable and molded plug: (Glydea™ 35 & 60)
- Adjustable limits : (Glydea™ 60)
  - Provides optimal stacking
- Drapery types:
  - Pinch Pleat
  - RippleFold® (80%, 100%, & 120%)
  - Accordia®

\* For curved tracks, Somfy requires a template be provided. Please see [Directions for Creating a Template for Drapery Curves](#) on page 101 for template information.

\*\* For bent tracks, Somfy does not require a template. Please include the [Bent Drapery Tracks Measurement Form](#) on page 100 for exact measurements per angle.

NOTE: Somfy includes a center splice every 16' of track. Please indicate in the "SPECIAL INSTRUCTIONS" section if your requirements differ from Somfy's standard.

| CONTROLS:                                                                                                                                                                                                                                                                                             |

| 2 | Width (Inches)                                                                                                                                                                                                                                                                                          |
|---|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|   | Glydea™ motorized tracks are custom built according to the specified width. Please note that the finished track width is measured pulley end to pulley end. For bent and curved tracks please provide the total of all wall measurements. When fabricating your drapery please add 1.5" to your return. |

## Bent Drapery Tracks Measurement Form

HOME MOTION by  
**somfy**

PLEASE NOTE: Somfy requires the measurement of the wall not the track.

The following dimensions are shown from the top view of the track and show various wall designs.

- 1 Choose the design that best fits your room setup.
- 2 Provide all of the proper wall measurements and degrees of all angles.
- 3 Provide the Return measurement "R" (distance from wall to front of drapery track as shown) and submit to Somfy.

NOTE: When fabricating your drapery, please add 1.5" to your return.

Style 1 Measurements

Style 2 Measurements

Style 3 Measurements

Style 4 Measurements

Style 5 Measurements

Unless stated, measurements given are wall measurements and Somfy will make allowances.

| TRACK 1 |                | TRACK 2 |                |
|---------|----------------|---------|----------------|
| Style   | Degree of Bend | Style   | Degree of Bend |

# Bending Form & Template Instructions

## Directions for Creating a Template for Drapery Curves

**What you need:** • Large piece of construction paper • Tape measure • Marker • Tape

- 1 Start with a large piece of construction paper that exceeds the depth and length of the curve.
- 2 Place the paper on the floor or ceiling depending on the orientation of the curve.
- 3 Secure the paper with the tape.
- 4 Clearly define the stacking side, motor placement, pocket depth and center line of track with the marker.
- 5 Mark the radius of the curve
- 6 Please provide as much detail as possible and all templates **must** include the following:
  - Indicate "room side"
  - Note how the template was created
    - Template created on the floor facing up (See Figure 1)(Preferred method)
    - Template created on the ceiling facing down (See Figure 2)
  - Purchase order number
  - Customer name
  - Company name and account number
- 7 Note the distance from the wall or the window to the center of the track.  
NOTE: Be sure to clear all possible obstructions such as handles, sills etc.
- 8 Identify the following measurement points:
  - Placement of motor
  - Exact stopping point of track on template
  - Total measurement of curve (See Figure 4-"C")

Please call Somfy for specialty curving applications. Depending on your particular application, your project may require special attention.

### Template Submission Instructions

Attach a copy of the purchase order to the template.  
Roll up template and place in a mailing tube. **DO NOT FOLD TEMPLATE**  
Mail to: Somfy Systems, Inc.  
121 Herrod Blvd.  
Dayton, NJ 08810  
Attn: Drapery Department

NOTE: When mailing, be sure to:  
- Get a tracking number  
- Include your return address  
- Include your purchase order number on the label

### Acceptable materials for making templates:

• Kraft Paper • Butcher Paper • Construction Paper

### Somfy will not accept templates made from the following materials:

• Newspaper • Plastic • Wax Paper • Fabric • Tissue Paper  
• Roofing Paper • Existing Arch Shades • Wrapping Paper

NOTE: If the material used to make a template stretches, tears easily, will not lay flat or will mark the fabric - IT WILL NOT BE USED.

## SOMFY WORKROOM GUIDE

A Step-By-Step Specification Manual for  
Motorized Workroom Soft Treatments

HOME MOTION by  
**somfy.**

Fig. 2

Fig. 3

Battery clips are provided to secure battery tube to the wall, trim or head rail depending on project needs.

Fig. 4

Fig. 5

Note: These installations typically require the use of a side panel or top treatment to conceal the battery tube.

**TIP:** Battery extension cables are available for installations that require a longer cable in order to conceal the battery tube. Additionally, extension cables provide easier access to battery tubes used in hard-to-reach window coverings. See Power Accessories in the Product Specification section.

All WireFree™ (battery) motors can easily be converted into a plug-in motor. Refer to **Plug-In Power Section** for installation examples.

# How To Purchase Glydea™

## Option 1 – Pre-Fabricated Tracks

- Purchase assembled tracks from Somfy
  - 4 fabrication locations
    - NJ – Straight tracks, curved & bent tracks
    - Boca Raton, FL – Straight tracks
    - Irvine, CA – Straight tracks
    - Canada – Straight tracks
- Lead time
  - Straight tracks – 5-7 business days
  - Curved & Bent tracks – 10-12 business days
- Purchase assembled tracks from an authorized Somfy fabricator.

## Option 2 – Components Only

- Purchase components from Somfy and fabricate the tracks at your location
- Fabrication Training is available through Somfy
- Small investment needed for fabrication machinery (Chop saw, work tables, compressor, etc . . . )
- Speak to your Somfy sale representative for component pricing

## Marketing Collateral:

- YouTube Video demonstrating product benefits
- Brochure
- Sample bags
- Custom showroom sample
- Retail Price List

## Contact Us

- Should need additional technical information or have more questions regarding the Glydea™ Motor, please use this Contact Us Form on our website.

The screenshot shows the 'SomfyPro -- A Website for Somfy Professionals' header with a navigation bar containing links: Home, What's New?, Marketing, Tech Support, Become a Somfy Expert, Why Somfy?, and Commercial Building Solutions. Below the navigation bar is the 'Contact Us' section. It features a heading 'Contact Us' and a subheading 'We value your feedback!' followed by the text 'Please send us any question, comment or suggestion you may have.' Below this is a dropdown menu labeled 'About you' with the text 'Please select one:'. The form includes input fields for Name, Company, Address, City, State, Zip code, Phone, and Email. At the bottom is a text area for Comments.

- We will email everyone the link to the contact form along with a copy of the presentation and the Glydea™ brochure.

Thank You!
